

AIA Florida People's Choice Award

The People's Choice Award is sponsored by the Florida Foundation for Architecture in conjunction with AIA Florida. The fourth annual competition is now officially underway. Last year's competition received over 250,000 votes from over 100 different countries. This is our opportunity to engage the public and show them that good design is alive and well in 2017!

Buildings or places are nominated by each Chapter throughout Florida and the Caribbean. Our Component has three entries; Talis Park in Naples, Johann Fust Community Library Renovation in Boca Grande, and the Boys' and Girls' Club of Immokalee. Vote by going to <http://www.floridapeopleschoice.org/> and clicking on the photos of the projects you would like to vote for. You may vote as often as you want. The Chapter wants you to vote as often as you can.

Voting ends in a few weeks with the winners being announced at the AIA FL Convention and Trade Show Awards Dinner at the Naples Grande. PLEASE VOTE NOW!
