Arquitecto Cubano

Cocktail Reception at:

Richlin International
Miromar Design Center
10800 Corkscrew Road Suite 182
Estero FL 33928

This lecture attempts to share the challenges of being an architect in current Cuban society and the tools that have to be developed in order to practice as an Architect.

Additionally we will explore the process of building a space where the creation and the spirit could be free from any economic, social or political pressures.
